Info-Café addresses refugee women whose asylum application was rejected and who have “Duldung”.

We offer **free counselling** and a **safe space**.

We provide information and support to develop perspectives how you could gain a legal stay in Germany.

Additionally, personal issues such as experiences of violence or other emotionally challenging situations can be addressed.

The questions below are addressed:

- What can I do after my asylum has been rejected?
- What is Duldung?
- How can I change from a Duldung to a residence permit?
- How can I clear my identity?
- What other options are available for me to stay in this country?
- Concerns of women...
- Open questions...

Our counselling services are free and anonymous!
